A MESSAGE FROM YOUR CHAPTER CHAIR

Even though it has been just around two years, it seems like a lifetime ago that we were able to get together in-person, participate in activities we enjoyed doing with other members, and mingle with our fellow retirees. The light at the end of the pandemic generated tunnel sometimes got brighter, while at other times looked like it faded in a seemingly endless cycle of new COVID variants making unwanted appearances. These challenges in what we can or should do, in terms of getting together, have been a difficult challenge for your chapter steering committee when it comes to planning. Even as I write this, gaining consensus among the steering committee as to what we should or should not plan or schedule has also had its ups and downs. We have agreed to hold our traditional post-holiday meeting, even though it will be a few weeks later than normal. Scheduling was predicated on following whatever COVID guidelines and restrictions would be in place at the time of our meeting for both the vaccinated and unvaccinated, and that members should only attend if they felt comfortable doing so. After the February luncheon meeting, we will not be planning any additional activities until late Spring when the weather is more conducive to outdoor get-togethers. Stay healthy and stay in touch, however you can do so safely with family and friends.
