Stop procrastinating. We've all put it off long enough (with some of us telling ourselves we'll get around to doing it tomorrow or next week). Hear some helpful hints on what information and records you need to think about organizing and get some guidance on how to organize them. Attendees will also receive a booklet and some additional handouts that makes it easy to get started. Finally attendees will hear what the Chapter Steering Committee is looking at for 2024 and seeking your input.

Menu: Chicken Parmigiana, Sliced Roast Sirloin of Beef w/Mushroom Gravy, Broiled Haddock with Fresh Lemon, Vegetarian Upon Request. All entrees include Caesar Salad, chef's choice of potato and vegetable, cookies, coffee, tea, lemonade and iced tea station.

As you are aware we tried some new activities this past year. This luncheon meeting closes out our Chapter activities for 2023 but don't despair. Your Chapter Steering Committee is already identifying possible Chapter activities, meeting topics, and especially things we can do as a chapter and as members to bring RPEA into the lives of prospective RPEA members in 2024. At our November meeting we will be sharing some of the ideas that are being discussed and we will welcome more from the attendees. Also, next year will be an important year as RPEA tries to move forward two important pieces of legislation- one proposes an increase to the COLA (there's been no increase to how it's calculated since its inception in 2000). The second is to again get legislation passed to do away with the discriminatory provisions of the Empire Plan as they apply to skilled nursing facilities. Stay tuned.
