# Put RPEA to Work for You

Retirement is the reward that you've earned for your years of service and dedication in either state or local government.

## **BUT DON'T TAKE YOUR BENEFITS FOR GRANTED!**

As state and local governments face serious budgetary issues, the benefits of public retirees – including health insurance, Social Security and Medicare – are at risk.

The Retired Public Employees Association (RPEA) is a powerful advocate for current and future public service retirees.

## **YOU EARNED YOUR RETIREMENT.**

**RPEA HELPS YOU PROTECT IT!**

# RPEA Can Safeguard Your Future

Once you've retired, your former union can no longer advocate or negotiate on your behalf.

## **RPEA IS THE ONLY ORGANIZATION THAT WORKS EXCLUSIVELY FOR PUBLIC RETIREES.**

We're proud of our track record when it comes to protecting the hard-earned benefits of our members. Our experienced staff have a visible and outspoken presence at the State Capitol.

We work tirelessly on behalf of our members across 19 chapters in New York, Florida and the Carolinas.
